

# From the Principal's Office

Often, our phone lines are busy handling calls that could easily be facilitated with your help. Suggestions to relieve the congestion on school office phones:

1. Photocopy your child's schedule so you know where they are each period of the day.
2. Know the name of your child's homeroom teacher.
3. Photocopy the teacher phone extension and email address page from the Parent Handbook to keep handy at work, near the phone at home or in your car.
4. Make a copy of the monthly school calendar to refer to at work as well as at home. After school activities are listed on the monthly calendar. Weekly morning announcements and other helpful information are on the District web site daily.
5. Consult your Parent Handbook for instructions regarding what to do in the event of emergency closings.
6. ***Consult your Parent Handbook for instructions regarding the process when it is necessary to remove your child from school early. DO NOT CALL THE OFFICE.***
7. Messages for you child can be left on an emergency basis only. Let your child know before leaving for school who will pick them up, where they should go after school or what they should do if you are not there at dismissal time. Knowing what to do in advance of a situation is always less confusing for a child. Although it is disruptive to the education process in the classroom, if you must speak to you child in a non-emergency situation, dial your child's homeroom teacher's extension and leave a voicemail to be delivered at the teacher's convenience. This may not be until the end of the day.
8. If your child forgets a lunch, folder, gym shoes, water bottle, etc., and you drop it off at school during the day, the secretaries will NOT interrupt class to call your child down to the office. If your child is expecting an item, he/she should go to the office at the appropriate time to retrieve the item (i.e. right before lunch if lunch is dropped off). Homework, library books, etc. will be placed in the teacher's mailbox and picked up later in the day.
9. Be sure your child always knows how to contact you.
10. The office cannot handle the volume of calls at the end of the day to page your child. If you are outside the building waiting for your child to exit, please come into the building to locate your student.

We appreciate your cooperation in following policies and procedures.

June 2011

Electronic networks, including the Internet, are a part of the District's instructional program and serve to promote educational excellence by facilitating resource sharing, innovation, and communication. The Superintendent shall develop an implementation plan for this policy and appoint system administrator(s). The School District is not responsible for any information that may be lost or damaged, or become unavailable when using the network, or for any information that is retrieved or transmitted via the Internet. Furthermore, the District will not be responsible for any unauthorized charges or fees resulting from access to the Internet.

Staff members may, consistent with the Superintendent's implementation plan, use the Internet throughout the curriculum. The District's electronic network is part of the curriculum and is not a public forum for general use.

Acceptable Use

All use of the District's electronic network must be: (1) in support of education and/or research, and be in furtherance of the goals stated herein, or (2) for a legitimate school business purpose. Use is a privilege, not a right. Students and staff members have no expectation of privacy in any material that is stored, transmitted, or received via the District's electronic network or District computers. General rules for behavior and communications apply when using electronic networks. The District's *Authorization for Electronic Network Access* contains the appropriate uses, ethics, and protocol. Electronic communications and downloaded material, including files deleted from a user's account but not erased, may be monitored or read by school officials.

Internet Safety Each District computer with Internet access shall have a filtering device that blocks entry to visual depictions that are:

(1) obscene, (2) pornographic, or (3) harmful or inappropriate for students, as defined by federal law and as determined by the Superintendent or designee. The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator.

The Superintendent or designee shall include measures in this policy's implementation plan to address the following:

1. Ensure staff supervision of student access to online electronic networks,
2. Restrict student access to inappropriate matter as well as restricting access to harmful materials,
3. Ensure student and staff privacy, safety, and security when using electronic communications,
4. Restrict unauthorized access, including "hacking" and other unlawful activities, and
5. Restrict unauthorized disclosure, use, and dissemination of personal identification information, such as, names and addresses.

Authorization for Electronic Network Access Each staff member must sign the District's *Authorization for Electronic Network Access* as a condition for using the District's electronic network. Each student and his or her parent(s)/guardian(s) must sign the *Authorization* before being

granted unsupervised use. All users of the District's computers to access the Internet shall maintain the confidentiality of student records. Reasonable measures to protect against unreasonable access shall be taken before confidential student information is loaded onto the network. The failure of any student or staff member to follow the terms of the *Authorization for Electronic Network Access*, or

this policy, will result in the loss of privileges, disciplinary action, and/or appropriate legal action. LEGAL REF.: No Child Left Behind Act, [20 U.S.C. §6777](#). ## **Fraudulent Residency**

A person who knowingly enrolls or attempts to enroll in the District's schools a student known to be a nonresident of the District is guilty of a Class C misdemeanor. In addition, a person who knowingly or willfully presents to the District any false information regarding the residency of a student in order to attend the District's schools without the payment of nonresident tuition is also guilty of a Class C misdemeanor.

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Department of Agriculture and distributed by the Illinois State Board of Education.

#### Notification

At the beginning of each school year, by letter, the District shall notify students and their parents/guardians of: (1) eligibility requirements for free and reduced-price food service; (2) the application process; (3) the name and telephone number of a contact person for the program; and (4) other information required by federal law. The Superintendent shall provide the same information to: (1) informational media, the local unemployment office, and any major area employers contemplating layoffs; and (2) the District's website (if applicable), all school newsletters, or students' registration materials. Parents/guardians enrolling a child in the District for the first time, any time during the school year, shall receive the eligibility information.

#### Nondiscrimination Assurance

The District shall avoid publicly identifying students receiving free or reduced-price meals and shall use methods for collecting meal payments that prevent identification of children receiving assistance.

#### Appeal

A family may appeal the District's decision to deny an application for free and reduced-price food services or to terminate such services as outlined by the U.S. Department of Agriculture in 7 C.F.R. §245.7, Determining Eligibility for Free and Reduced-Price Meals and Free Milk in Schools. The Superintendent shall establish a hearing procedure for adverse eligibility decisions and provide by mail a copy of them to the family. The District may also use these procedures to challenge a child's continued eligibility for free or reduced-price meals or milk.

During an appeal, students previously receiving food service benefits shall not have their benefits terminated. Students who were denied benefits shall not receive benefits during the appeal.

The Superintendent shall keep on file for a period of 3 years a record of any appeals made and the hearing record. The District shall also maintain accurate and complete records showing the data and method used to determine the number of eligible students served free and reduced-price food services. These records shall be maintained for 3 years.

## Operational Services

### Waiver of Student Fees

The Superintendent will recommend to the Board of Education a schedule of fees, if any, to be charged students for the use of textbooks, consumable materials, extracurricular activities, and other school student fees. Students must also pay for the loss of or damage to school books or other school-owned materials.

Fees for textbooks, other instructional materials, and driver education are waived for students who meet the eligibility criteria for a fee waiver as described in this policy. In order that no student is denied educational services or academic credit due to the inability of parents/guardians to pay student fees, the Superintendent will recommend to the Board which additional fees, if any, the District will waive for students who meet the eligibility criteria for fee waiver. In order that no student is denied educational services or academic credit due to the inability of parents/guardians to pay fees, the following fees are also waived for students who meet the eligibility criteria for fee waiver: athletic participation fees, lock fees, towel fees, shop fees, laboratory fees, and registration fees. Students receiving a fee waiver are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment.

#### Notification

The Superintendent shall ensure that applications for fee waivers are widely available and distributed according to State law and ISBE rule and that provisions for assisting parents/guardians in completing the application are available.

#### Eligibility Criteria

A student shall be eligible for a fee waiver when the student currently lives in a household that meets the same income guidelines, with the same limits based on household size, that are used for the federal free meals program.

The Superintendent or designee will give additional consideration where one or more of the following factors are present:

- Illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Unemployment;
- Emergency situations;
- When one or more of the parents/guardians are involved in a work stoppage.

#### Verification

The Superintendent or designee shall establish a process for determining a student's eligibility for a waiver of fees in accordance with State law requirements. The Superintendent or designee may require family income verification at the time an individual applies for a fee waiver and anytime thereafter but not more often than once every 60 calendar days. The Superintendent or designee shall not use any information from this or any independent verification process to determine free or reduced-price meal eligibility.

If a student receiving a fee waiver is found to be no longer eligible during the school year, the Superintendent or designee shall notify the student's parent/guardian and charge the student a prorated amount based upon the number of school days remaining in the school year.

Determination and Appeal

Within 30 calendar days after the receipt of a waiver request, the Superintendent or designee shall mail a notice to the parent/guardian whenever a waiver request is denied. The denial notice shall include: (1) the reason for the denial, (2) the process and timelines for making an appeal, and (3) a statement that the parent/guardian may reapply for a waiver any time during the school year if circumstances change. If the denial is appealed, the District shall follow the procedures for the resolution of appeals as provided in the Illinois State Board of Education rule on waiver of fees.
