## **Fraudulent Residency**

Section 5/10-20.12b of the *Illinois School Code* requires that the Board of Education impose a nonresident tuition charge if the District determines that a nonresident student is attending the schools of the District. This tuition charge will be imposed in the case of any student who is determined a nonresident during a school year, and shall be retroactive to the first date of the student's nonresident attendance.

A person who knowingly enrolls or attempts to enroll in the District's schools a student known to be a nonresident of the District is guilty of a Class C misdemeanor. In addition, a person who knowingly or willfully presents to the District any false information regarding the residency of a student in order to attend the District's schools without the payment of nonresident tuition is also guilty of a Class C misdemeanor.

**I affirm that the information given to verify residency in District 95 is correct and that I have legal custody of the registering student. I certify that I am the parent/legal guardian of the registering student and that this child's residence has not been established solely for the purpose of attending District 95. I understand that District 95 may contact other schools for family/student information if there are questions pertaining to residency. This information is correct to the best of my knowledge.**

### Waiver of Student Fees

The Superintendent will recommend to the Board for adoption what fees, if any, will be charged for the use of textbooks, consumable materials, extracurricular activities, and other school fees. Students will pay for loss of school books or other school-owned materials.

Fees for textbooks and other instructional materials, are waived for students who meet the eligibility criteria for fee waiver contained in this policy. In order that no student is denied educational services or academic credit due to the inability of parents/guardians to pay fees and charges, the following fees are also waived for students who meet the eligibility criteria for fee waiver: athletic participation fees, lock fees, towel fees, shop fees, lab fees, registration fees, and driver education fees. Students receiving a fee waiver are not exempt from charges for lost and damaged books, locks, materials, supplies, and equipment.

The Superintendent shall ensure that applications for fee waivers are widely available and distributed according to State law and ISBE rule, and that provisions for assisting parents/guardians in completing the application are available.

### Eligibility Criteria

A student shall be eligible for a fee waiver when:

1. The student currently lives in a household that meets the free lunch or breakfast eligibility guidelines established by the federal government pursuant to the National School Lunch Act, 42 U.S.C. §1758; 7 C.F.R. Part 245 et seq.;  
or
2. The student or student's family is currently receiving aid under Article IV of The Illinois Public Aid Code (Aid to Families with Dependent Children).

The Superintendent or designee will give additional consideration where one or more of the following factors are present:

- Illness in the family;
- Unusual expenses such as fire, flood, storm damage, etc.;
- Seasonal unemployment;
- Emergency situations;
- When one or more of the parents/guardians are involved in a work stoppage.

#### Verification

The Superintendent or designee must follow the verification requirements of 7 C.F.R. 245.6a when using the free lunch or breakfast eligibility guidelines pursuant to The National School Lunch Act as the basis for waiver of the student's fee(s). When using a District established or other independent verification process, the Superintendent or designee may not require verification more often than every 60 calendar days. The Superintendent or designee shall not use any information from any independent verification process to determine free lunch or breakfast eligibility pursuant to The National School Lunch Act

### Determination and Appeal

The Superintendent or designee will notify the parent(s)/guardian(s) promptly as to whether the fee waiver request has been granted or denied. The denial of a fee waiver request may be appealed to the Superintendent by submitting the appeal in writing to the Superintendent within 14 days of the denial. The Superintendent or designee shall respond within 14 days of receipt of the appeal. The Superintendent's decision may be appealed to the Board of Education. The decision of the Board is final and binding.

Questions regarding the fee waiver request process should be addressed to the Building Principal's office.

## Operational Services

### **Free and Reduced-Price Food Services**

#### Notice

The Superintendent shall be responsible for implementing the District's free and reduced-price food services policy and all applicable programs.

#### Eligibility Criteria and Selection of Children

A student's eligibility for free and reduced-price food services shall be determined by the income eligibility guidelines, family-size income standards, set annually by the U.S. Department of Agriculture and distributed by the Illinois State Board of Education.

#### Notification

At the beginning of each school year, by letter, the District shall notify students and their parents/guardians of: (1) eligibility requirements for free and reduced-price food service; (2) the application process; (3) the name and telephone number of a contact person for the program; and (4) other information required by federal law. The Superintendent shall provide the same information to: (1) informational media, the local unemployment office, and any major area employers contemplating layoffs; and (2) the District's website (if applicable), all school newsletters, or students' registration materials. Parents/guardians enrolling a child in the District for the first time, any time during the school year, shall receive the eligibility information.

#### Nondiscrimination Assurance

The District shall avoid publicly identifying students receiving free or reduced-price meals and shall use methods for collecting meal payments that prevent identification of children receiving assistance.

#### Appeal

A family may appeal the District's decision to deny an application for free and reduced-price food services or to terminate such services as outlined by the U.S. Department of Agriculture in 7 C.F.R. §245.7, Determining Eligibility for Free and Reduced-Price Meals and Free Milk in Schools. The Superintendent shall establish a hearing procedure for adverse eligibility decisions and provide by mail a copy of them to the family. The District may also use these procedures to challenge a child's continued eligibility for free or reduced-price meals or milk.

During an appeal, students previously receiving food service benefits shall not have their benefits terminated. Students who were denied benefits shall not receive benefits during the appeal.

The Superintendent shall keep on file for a period of 3 years a record of any appeals made and the hearing record. The District shall also maintain accurate and complete records showing the data and method used to determine the number of eligible students served free and reduced-price food services. These records shall be maintained for 3 years.

The Superintendent or designee shall enforce the use of such filtering devices. An administrator, supervisor, or other authorized person may disable the filtering device for bona fide research or other lawful purpose, provided the person receives prior permission from the Superintendent or system administrator.

The Superintendent or designee shall include measures in this policy's implementation plan to address the following:

1. Ensure staff supervision of student access to online electronic networks,
2. Restrict student access to inappropriate matter as well as restricting access to harmful materials,
3. Ensure student and staff privacy, safety, and security when using electronic communications,
